

Retzlaff Family History Information Questionnaire

Dear Family Member: We strive to have the most complete Family History record we can. Our Family History Charts book includes detailed information about each of our family members, including yourself. The system we are using to maintain this information can record many details about family members beyond just birth and marriage dates. We would like to include as much information about everyone as we can. Please take a few moments to complete the information below so we can add these details to our family history. Feel free to only answer the questions you want. Thanks! We really appreciate you taking the time to answer these questions.
